

End of Sale Announcement

HP VCX V7205 Platform with DL 360 G6 Server

Announcement Date: September 9, 2011

End of Sale Date: December 1, 2011 or while supplies last

HP VCX V7205 Platform with DL 360 G6 Server

HP has recently launched a replacement product for the HP DL360G6 VCX V7205 server. The next generation DL360G7 server was qualified and launched as J9672A on May 9th, 2011. Since HP wants customers to purchase this latest server available with the VCX and due to limited supply of JC517A, it is being discontinued. (See table below for further details)

Product Number	Product Description
JC517A	HP VCX V7205 Platform with DL 360 G6 Server

Recommended Replacement Product

This recommended replacement product is used for the HP Unified Communications HP VCX V7205 DL360G7 server. It has a 1 Xeon 4 core E5630 CPU 2.53 GHz CPU, 6 -1G RAM, 2 - 146G DISK (2.5 SAS, RAID 1), 2 - GE, 1 DVD/CD-RW COMBO, and dual 460W power support.

It comes preloaded with VCX9.8, customers can only run VCX version 9.8 with this replacement HP DL360G7 server. (See table below for further details).

HP will continue to offer the FRU Hard Drive for the JC517A on the price list until supplies last.

HP will also offer the J9672A FRU Hard Drive with VCX9.8 on the price list along with the RAID drive. Please refer to the HP Corporate Price list for further details.
